We also continue to support communities across America in ridding their medicine cabinets of unused or outdated prescription drugs, to reduce the opportunities for misuse. As expected, outside organizations are using this newly released data to better understand police activities and the impact those activities are having on different communities. While restrictive housing is an important example, the Department of Justice has focused on reforming federal prisons on a variety of fronts.

Figure 1. A study of Colorado prosecutors found that ninety-six percent of chief prosecutors routinely notified police about case dispositions.

ForAngola,Louisiana,data,seeU.Rather than enforcing prosecutorial norms externally, this method would use institutional design to ensure the prosecutors all stayed in line. Felony disenfranchisement, prison gerrymandering and special interest money make reform harder, but not impossible.
