One question for future research would be why are the ants not effectively protecting the cecropia and has any specific factor thrown off the symbiotic relationship? At a time of accelerating climate change and deforestation, the Colombian people have made a bold and positive step forward. Dinner consisted of Russian salad, which was composed of beets, potatoes and spices, beans, carrots, green peppers, rice pudding, a roll, and some small citrus fruit. Balick,R. What an incredible book. After lunch, we took another boat ride, this time back to the initial boat dock, where the adventure had all started.

Plus, it is fascinating and beautiful to be educated about the natural world when you remember what Davis was doing the last time we were with him, we were back with Schultes, or spinning off with a detailed history of whatever it was that Davis was talking about at that point.
