Beautifully produced, with dozens of diagrams and drawings, and written with thoughtfulness and passion, Seed to Seed is a testament to the wonder of the world around us. I have really enjoyed this book, and it's surely another one to recommend especially for those interested in plant life and science. Loved the book and learnt an awful lot from it in the best possible way. JeannineShearatedititwasamazingMay27, Aug 18, Reader rated it it was amazing Shelves: life-long-letters. Stunning book on the science of plant genetics - stunning in that I could understand it! Half Buckram.
